SKILLS

Technical Skills: HTML, CSS, JavaScript, Basic Python experience, JSON, SQL (basic), Git, GitHub, Vite, VS Code
Microsoft Excel, VS Code

Professional Skills: Problem Solving, Communication, Teamwork, Leadership, Organization

PROJECT EXPERIENCE

Personal and Team Projects

Jan 2026 – Present

Software Developer

Nigeria

- **Sleep Outside — Team Project:** Built a responsive outdoor-gear e-commerce website using HTML, CSS, JavaScript, Vite, and a REST API. Developed the dynamic product page, product listings, shopping cart, and checkout functionality as part of a team.
- Developed a responsive Chamber of Commerce Directory website using HTML, CSS, and JavaScript, dynamically displaying business data from JSON and implementing interactive grid/list views for an improved user experience. Debugged the Chamber Directory when member cards failed to display, tracing the issue to JavaScript data loading and fixing the code so cards render after the data loads.
- **Personal Developer Portfolio:** Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase projects, technical skills, education, and experience. Implemented responsive layouts, mobile navigation, accessible design, and dynamic project content using JSON.

EDUCATION

Bachelor of Applied Science (BASc) In Software Development

Expected Graduation: May 2029

BYU-Pathway Worldwide

- GPA 3.55
- Scholarships: Heber J. Grant Tuition Scholarship.
- Relevant Coursework: Web Fundamental II, Introduction to Databases (in progress)
